BACKCOUNTRY ADVISORY

The backcountry outside of Kicking Horse Mountain Resort's operational boundary and associated recreation area use as shown herein is for recreational purposes only and the Backcountry Entry permit is required for all backcountry users. Backcountry Entry permits are available at the resort's Backcountry Office.

The backcountry outside the resort's posted area boundary is uncontrolled, unpatrolled, and not protected, therefore many areas feature steep and difficult steep slopes.

Those choosing to leave the ski area boundary do so entirely at their own risk. They should be trained and properly equipped for self rescue as avalanche rescue is not available.

Please use the Canadian Avalanche Centre Public Avalanche Bulletin prior to venturing into backcountry to learn the area.

Remember: avalanche awareness may occur at low thresholds, unpredictable or high danger levels.
